

Thermostable Phytase

10000 FTU

RECOMMENDATION

50-100 g/T of complete feed.

Notes: Dosage can be regulated according to the animal species, feed ingredient, pelleting temperature and the ring-die height.

PACKAGE

20 kg bag.

STABILITY/ STORAGE

The product is stable for 12 months if stored at room temperature and pack tightly when not in use.

PRECAUTIONS

After the package is open, the product should be used as soon as possible, and be sealed and stored properly.

Inhalation of enzyme dust and mist should be avoided. In case of contact with the skin or eyes, rinse the affected area promptly with water.
