

RenalWell

DETOXIFY TO FORTIFY: THE KEY TO KIDNEY HEALTH

RenalWell improves renal functions by regulating the acid-base balance of a bird's body. It works as a detoxifier and kidney protector. It maintains electrolyte balance and has immunomodulatory properties.

پیکنگ: 1 کلوگرام

Composition

Sodium Bicarbonate dissociates to form sodium & bicarbonate. Bicarbonate anions consume hydrogen ions forming carbonic acid. Carbonic acid converts into water & carbon dioxide. It increases renal tubular pH resulting in the excretion of uric acid from the body.

Potassium Bicarbonate increases hydroxyl ion or electron levels by increasing alkalinity in the cells. Increased pH of the urine allows uric acid to remain soluble & get excreted from the body.

Potassium Dihydrogen phosphate provides a readily absorbable source of potassium and phosphorus. Acting as a buffering agent, it reduces oxidative stress & inflammation in the kidneys. It plays a key role in improving renal functions.

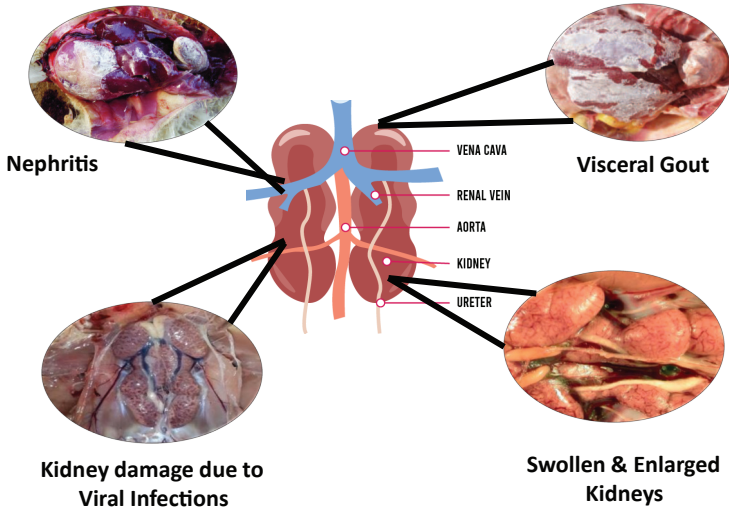

Potassium Iodide increases the production of thyroid hormone. Thyroid Hormone increases renal blood flow & glomerular filtration rate which improves renal functions.

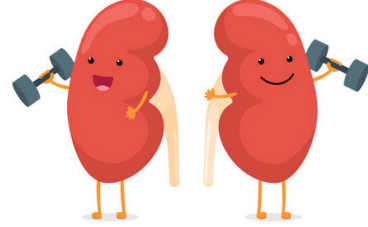

Sodium Selenite has antioxidant, anti-inflammatory & immunomodulatory properties.

Indications of Kidney Issues In Poultry:

Strong Kidneys
With

RenalWell

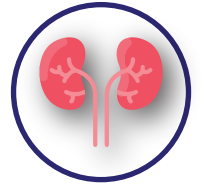

Features

1. Works as a detoxifier & kidney protectant.
2. Regulates acid-base balance of the body.
3. Curative effect on damaged kidneys due to Gumboro, IB, feed or drug intoxications.
4. Improves glomerular filtration rate & renal functions through thyroid hormone.
5. Posses anti-inflammatory & immunomodulatory properties.

Kidney Flusher

Detoxifier

Safe & Effective

Diuretic Agent

Storage

- Store in a dry place at room temperature.
- Protect from moisture and direct exposure to sunlight.

Dosage & Administration

1g/liter of drinking water

Shelf Life

24 Months

رینل ویل

- 1- ایک بہترین ڈیٹوکسی فارم ہے۔
- 2- گردوں سے فاسد مادوں کے اخراج میں معاون ہے۔
- 3- یورک ایسڈ کے جسم سے اخراج کو آسان بناتا ہے۔
- 4- گردوں اور پیشاب کی نالی کی انفیکشن کو کم کرتا ہے۔
- 5- جسم کے اندر ایسڈ بیس بیلنس کو ریگولیٹ کرتا ہے۔
- 6- منفرد کمپوزیشن کی وجہ سے گمبورو، آئی بی اور ٹاکسن سے ہونے والے گردوں پر نقصانات کو کم کرتا ہے۔
- 7- نائٹ اینٹی آکسائیڈنٹ ہے اور قوت مدافعت کو بڑھاتا ہے۔ اس میں موجود سوڈیم سیلی

خوراک و استعمال: 1 گرام فی لیٹر پینے کے پانی میں استعمال کریں۔

پیکنگ: 1 کلوگرام
